SAINTS INTERNATIONAL *Ministry Model*

- Saints International is the world's largest Accredited Christian-based Homeschool Physical Education Program teaching 18 different sports: archery, track & field, soccer, etc. using a multi-sports station rotation Ministering to children ages 5-18 with a salvation-sharing objective.
- In 20 years, we have had the privilege to see over 15,000 children accept Jesus Christ as their personal Lord and Savior.

- With every opportunity, we modify The Program to fit the need, put together a "**Saints In A Box"** consisting of all equipment required & training information. The **"Saints In A Box**" is easily transported and set-up in Homeschool communities, private schools, orphanages, community/children's centers, boys group homes, etc. both here in the United States and in Developing Countries. Select individuals in these communities are trained by Coach Rick and other Saints Coaches and certified who then go on to run and sustain the program in their community with regular mentorship and follow-up allowing the Saints Sports Ministry to continue to impact on children in these communities and changing their future.
